Worship and Community Service Involvement**

Martin Luther's teachings "tell us that the good we have from God should flow from one to the other and be common to all. Everyone should "put on" the neighbor and act toward him or her as if we were in the neighbor's place. The good that flowed from Christ flows into us. . . . The good we receive from Christ flows from us toward those who have need of it." The Freedom of a Christian

WORSHIP INVOLVEMENT
